EDUCATION

2026 - 2028	**Oxford Brookes University , Oxford. United Kingdom** Msc Building Information Modeling and Management of Projects (Distance Learning - Part Time)
2019 - 2024	**Manipal Academy of Higher Education, Dubai, U.A.E** Bachelors of Architecture Overall GPA – 3.7
2017- 2019	**Gems United Indian School** 12TH GRADE – 95 %
2011 - 2017	**Bhavans Abudhabi :** 10TH Grade – 10 CGPA

SOFTWARE SKILLS

- Autodesk Revit
- Rhino 7
- Sketchup Pro
- AutoCAD
- Adobe Photoshop
- Adobe InDesign
- Adobe Illustrator
- MS Office
- Lumion
- Enscape
- Mnml
- Navisworks
- ACC

AWARDS AND CERTIFICATIONS

Rethinking the Future: Published on sustainable and innovative design.

Bilfinger Engineering: Excellence in training; hands-on experience in industrial projects.

AKD Consultants: Internship Excellence Awarded for urban planning and architectural detailing.

Dorsch Gruppe: Internship Excellence Recognized for contributions to infrastructure , residential as well as urban design and commercial projects.

Energiomex, ASHRAE Falcon Chapter: 2nd Place for energy conservation strategies.

Sustainable Future - Semi-Finals (Curtin University): Sustainable design competition.

Saint Gobain, Poland: Represented in a global sustainable building competition.

Concrete Innovations: Scored 90% in sustainable concrete technologies.

LCA Certification: Certified in Life Cycle Assessment for environmental impact evaluation.

Floating School Challenge - Semi-Finals: Climate-resilient educational spaces.

Fundamentals of Net Zero Building: Completed training on Net Zero principles.

Lafarge Dubai: Industry training in sustainable building materials.

IDEA UAE Open Talent Search: Jury Award for innovative concepts.

WETEX Dubai: Participated in showcasing sustainable technologies.

Wood Science (Coursera, 96%): Excellence in sustainable forestry and wood applications.

ABOUT ME

Hi, I am Apurva! An Architect combining 2+ years of design experience with advanced expertise from an ongoing Master's in BIM and Architecture Management.

Holding a Bachelor's in Architecture with a minor in Sustainable Smart Cities, I focus on delivering concept-driven designs grounded in strong philosophy and human connection. I bring a motivated, proactive mindset backed by strong communication, leadership, and team collaboration skills, capable of taking ownership of design processes from vision to execution.

I truly believe that as architects, it is our duty to make a difference and build right—because, in the end, whatever good things we build end up building us.

CORE ATTRIBUTES

HARDWORKING & RESILIENT | INNOVATIVE & PURPOSE-DRIVEN | STRATEGIC & RESOURCEFUL | EFFECTIVE COMMUNICATOR | LEADERSHIP & COLLABORATION | ORGANIZED & DETAIL-ORIENTED | TEAM PLAYER | RESPONSIBLE & IMPACT-FOCUSED

23 | APRIL | 2001, 25 YEARS

NATIONALITY : INDIAN
